About the Company

Incorporated in the year 1998 in the name **Real Engineering and Construction** as a Proprietorship and registered under the company's Act as **Quilon Real Engineering and Construction Pvt.Ltd.** on 09th January 2008.

The Company was established with an objective to engage in the business of fabrication, erection and commissioning related works to meet the industrial Growth. The company was converted to Private Limited from proprietorship in 2008. Soon after the incorporation major challenge was to obtain ISO 9001:2000 certifications. We were among the few companies to obtain ISO 9001:2000 certifications in field of Construction.

Name of our Company was changed to **Quilon Real Industries Pvt. Ltd.** on 01.09.2014 for diversification of business for Manufacturing of Pressure Vessels, Tanks, Columns, Ducts, Hoppers, etc. as well as Fabrication of Structural Steel at our Workshop at GIDC, Dahej-2 & trading of various Industrial Products.

Managing Director

Quality Management System

Our Quality Team is well experienced to provide best quality service. They work on the Principle of PDCA cycle

Safety Management System Our Safety team trained to take care of the safety of all persons and materials and ensure that that area is maintained to the highest standard of housekeeping to achieve “ZERO ACCIDENT”

Services and Sectors

Service

At Quilon Real Industries Pvt Limited we have been providing various services to meet the industrial requirement. Also we are having vast resources of Skilled and Unskilled manpower to meet the growing industrial demand.

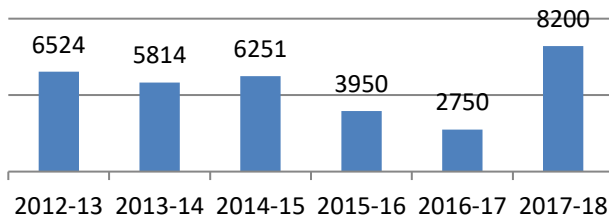

Sectors

Our major contribution to the growth was catering to different sector industries. Over the past few years working with different industries we have developed expertise required by the industries and well equipped to meet the specific requirement of the industries.

Achievements

Fabrication & Erection of Structural Steel in MT

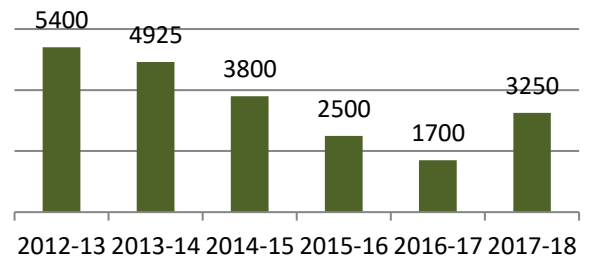

We were awarded prestigious Contract Jobs for Fabrication & Erection of Steel Structure by SAMSUNG for their DFCU & H D P E Plant – OPaL, DAHEJ .

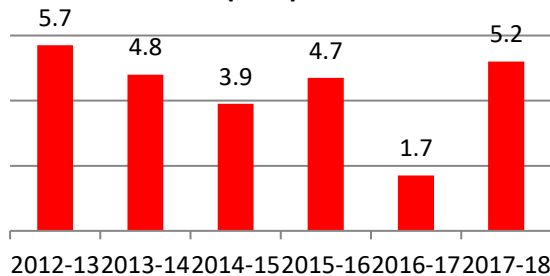

We had proved our capacity to fabricate Structural I Steel, @ 821.5 Mt, in a single month, at Samsung Opal Project, which is the highest.

At SAMSUNG OPaL Project, with close coordination and planning, we were able to erect 130 MT & 66 MT of Structure Modules, 13 mtr x 13 mtr x 13.5 mtr height, with the help of 440 MT Crane. Total Height of Structure was 56 mtr from Ground & 26 mtr from Building top. We were the first contractor to complete the Project with in the time frame. We had also erected One Rotary Dryer weighing 240 MT, Two Nos Reactors each weighing 165 MT & Extruder System of Equipment weighing total 313 MT

Erection of Equipment in MT

Fabrication of Piping in In-Dia. (Lacs)

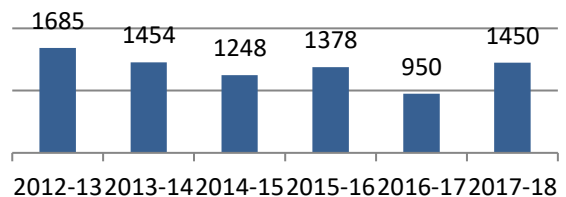

At GFL Dahej, for Project, total @ 2.37 lacs inch - Dia piping was fabricated and erected in a record time frame. The highest 45500 inch - dia was fabricated in one single month
The average works out to be approximately 1750 inch - dia per day

Being located in the fastest growing industrial hub, Dahej. Manpower resources a major area of concern as lots of industries of all constraint we were able to mobilize more than 725 manpower for a GFL- Dahej Expansion Project That indicates our commitments to complete the project as per schedule

At a given time we are in a position to mobilize more than 2000 manpower to fulfill the requirements.

Average Manpower per Day

MILE STONE ACHIEVED FOR STRUCTURAL STEEL FABRICATION AT SAMSUNG

We were awarded Contract Job for Fabrication of Structural Steel by SAMSUNG / Taein Construction & Infrastructure Pvt. Ltd. – for their DFCU Plant being constructed for OPaL, Dahej having EIL as EPC.

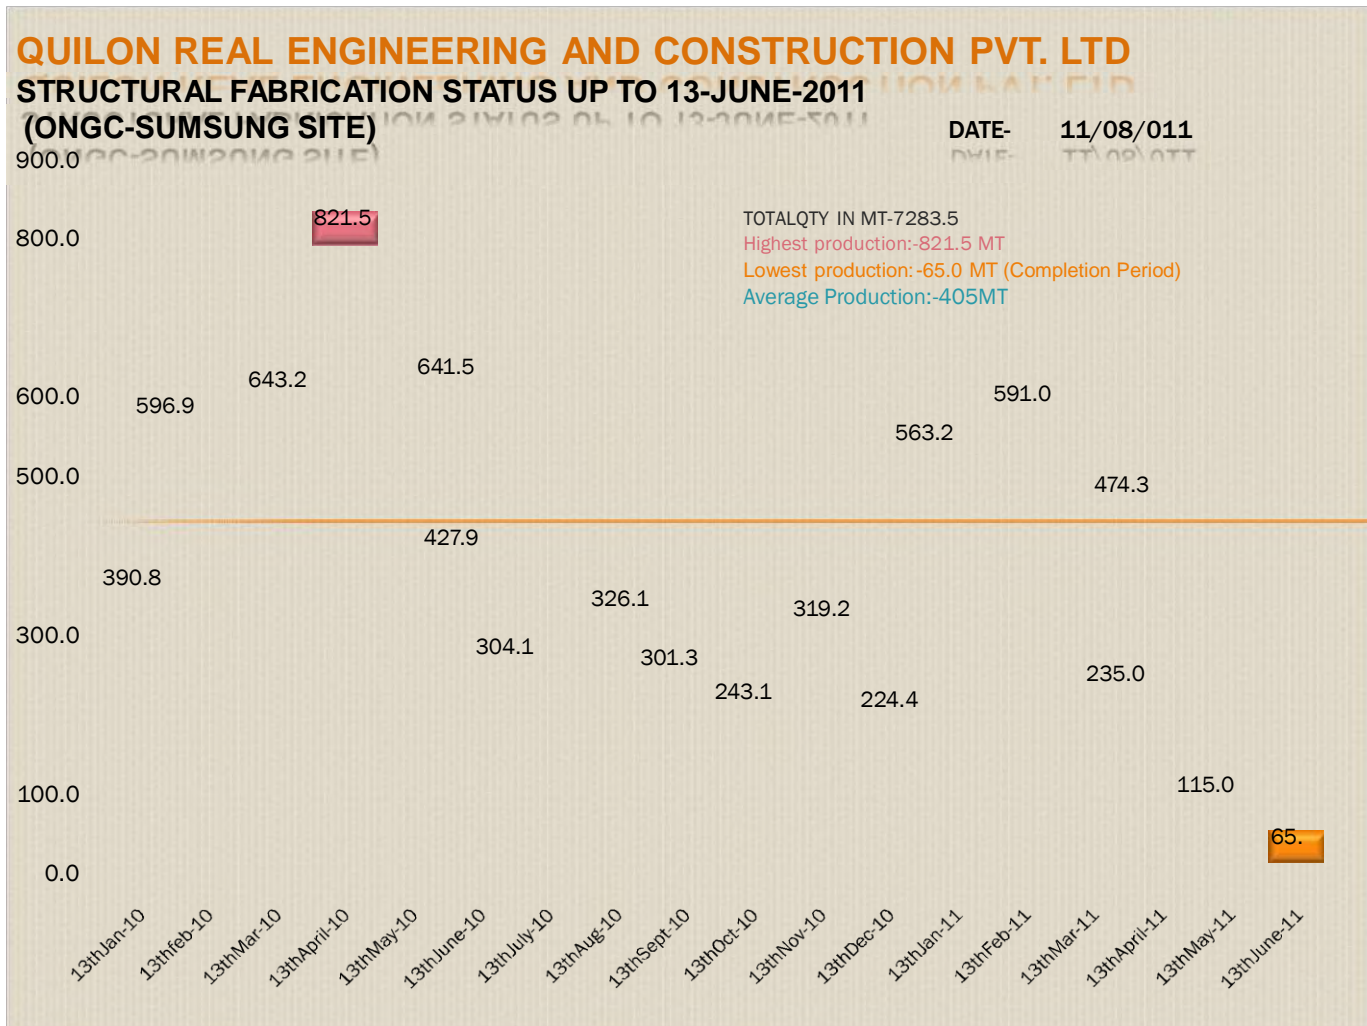

Total Scope of Fabrication of Structural Steel was 7283 MT. Our Scope involved

- i) Supply of Power, Consumables, Tools & Tackles, Hydra, Crane, Drinking Water, etc.
- ii) Shifting of structural material from steel yard to fabrication yard, from fabrication yard to painting shop and from painting shop to erection place.

Fabrication involved 100% inspection of each member by SAMSUNG & EIL Quality Control Engineers which was tough however same was achieved successfully.

We had achieved Structural Steel Fabrication of 821.5 MT in month of April, 2010 which is a record. Our month wise Structural Steel Fabrication progress is given on next sheet.

Job was started in Jan. 2010 & completed satisfactorily in June, 2011.
